TO: HEADS OF ALL FEDERAL DEPARTMENTS AND AGENCIES

The Committee wishes to inform Departments and Agencies that the semi-annual submission of the "Printing Plant Report" (JCP Form 1) is no longer required. Although the mid-fiscal year Form 1 does not contain "cost information," it has been used to compare units produced on each piece of equipment. The Committee believes that the information required in Parts II and III can be accumulated and reported annually on the existing Form 1. The present Form 1 can be treated as an annual report until the Committee issues new reporting forms, which are now being developed. Please indicate clearly on the report submitted that it is an annual report.

Although this change in the reporting period relieves the Departments and Agencies from formally preparing printing plant production data at mid-year, the Committee requests each Department and Agency to continue collecting and maintaining this information throughout the year. Use of this data throughout the year will aid each organization in properly managing its printing-related operations. On occasion, the Committee will request this information on a partial-year basis when conducting a review of specific facilities.

The "Commercial Printing Report" (JCP Form 2) must continue to be submitted semi-annually, since it keeps the Committee informed of work being directly procured in the private sector and indicates if there are violations of paragraph 49-2 of the regulations.

With best wishes,

Sincerely,

Charles McC. Mathias, Jr.
Chairman
